DAY 1: INSTALLING WINDOWS IN VIRTUAL BOX AND COMPLETE THE 36 VIDEOS OF NETWORK CHUCK

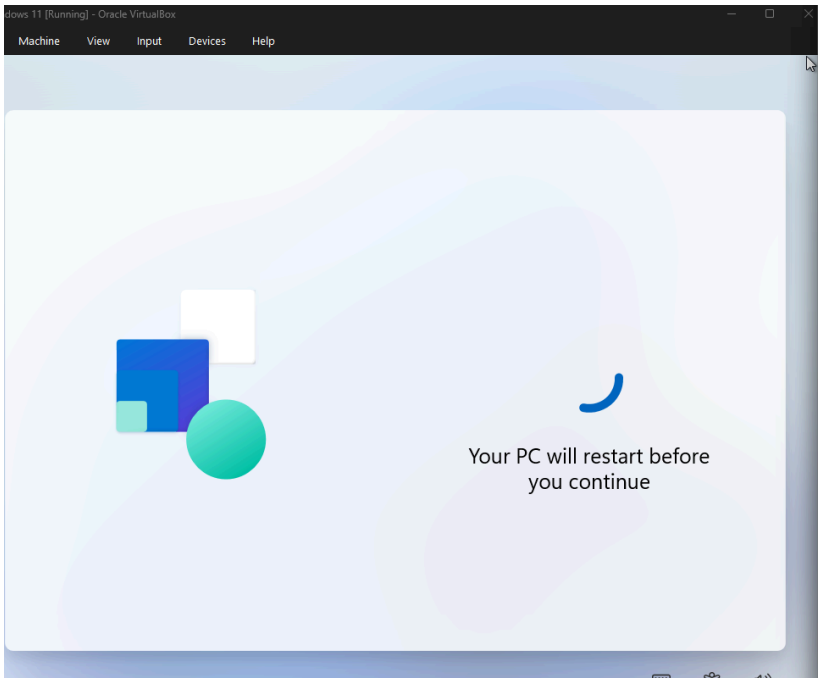

INSTALL VIRTUAL BOX FROM HERE AND CHOOSE WINDOWS HOST.

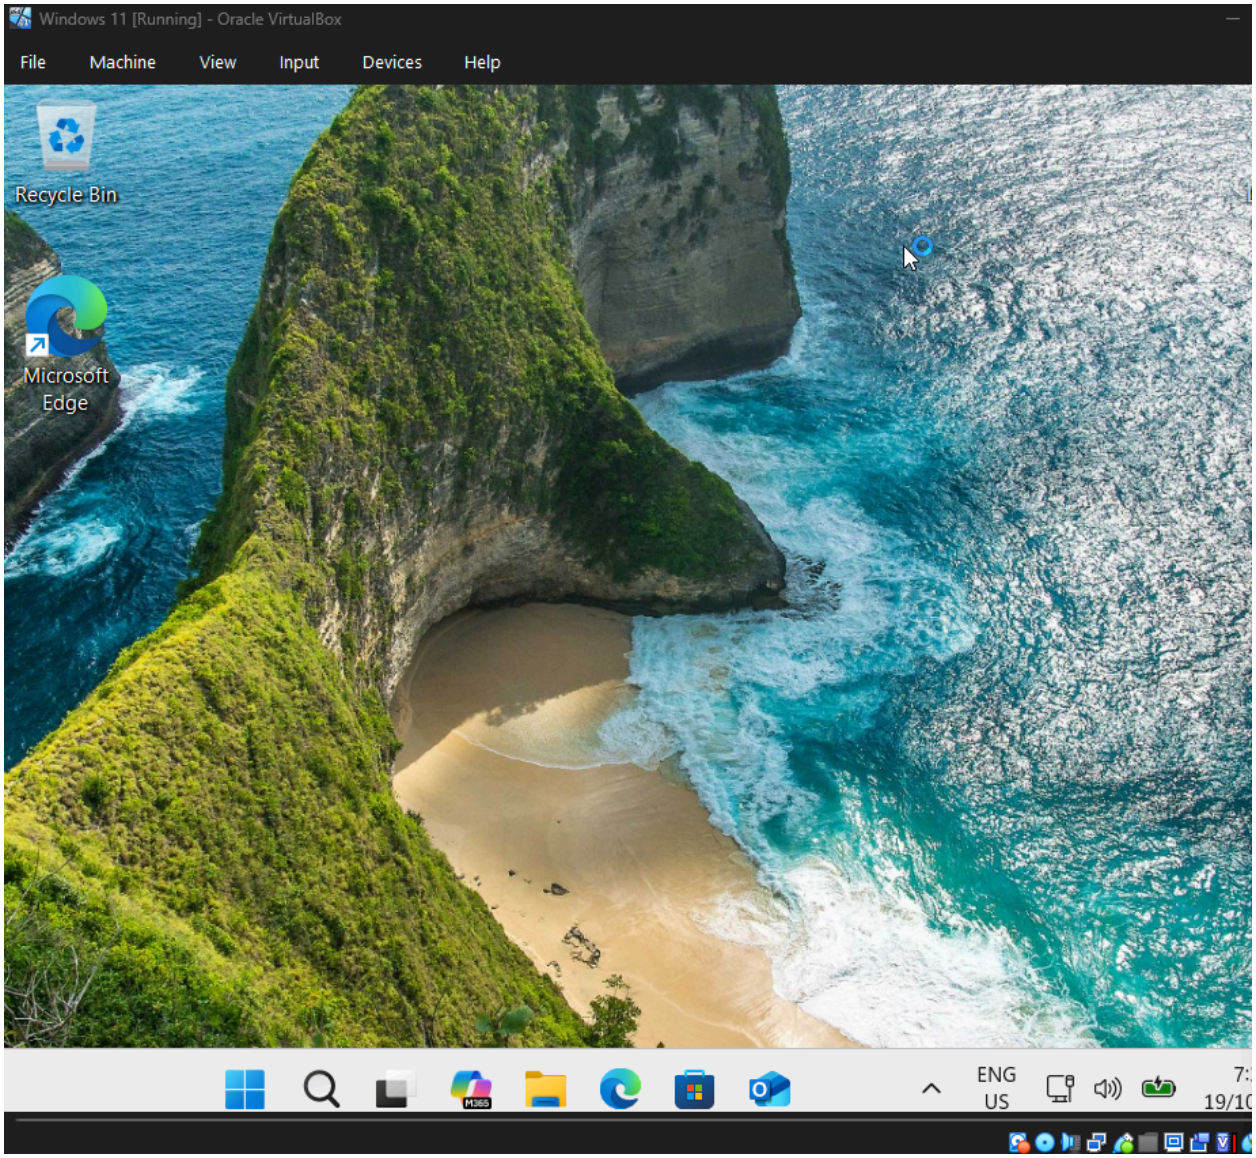

DOWNLOAD WINDOWS ISO FROM HERE

Setup virtual box to run the windows, ram 4gb and 2 processors and cpu 12 and also disk space 80gb.

Setup windows in the virtual box (Windows pro)

FINALLY DONE

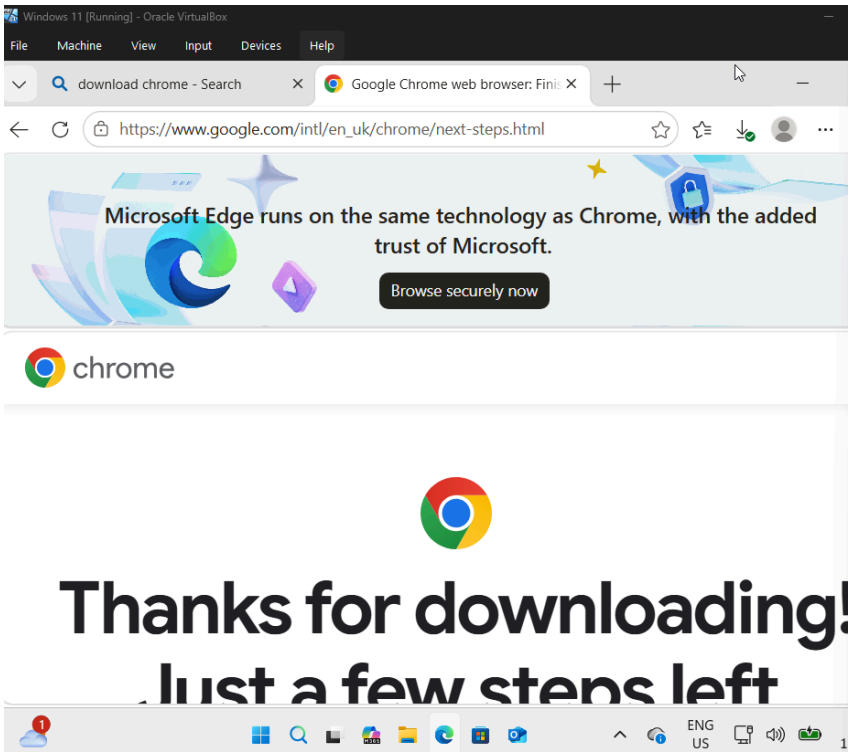

TASK 2 : Window History and GUI

Started in 1981 as MS DOS based on CLI. And the latest windows 11 was on 2021.

GUI is actually what we are looking as colours the cursors the and other parts of windows.

Consists of

- Task bar
- Windows bar
- Pinned apps
- Desktop
- File system
- Browsers
- Shortcuts on apps

Installed Google chrome in our new windows 11 pro.
